Linkedin: <https://www.linkedin.com/in/pirabanchan-n-00039a351>

GitHub: <https://github.com/nagaduraipirabanchan-oss>

PROFESSIONAL SUMMARY:

Full Stack Developer & Web Developer with hands-on experience gained through a 3-month Web Development internship and real world projects. Skilled in HTML, CSS, JavaScript, React.js, Node.js, MongoDB, Git, GitHub, and VS Code, with experience deploying applications using Vercel, Render, and Streamlit. Built responsive web applications and integrated REST APIs while working on full-stack and web development projects.

TECHNICAL SKILLS:

Frontend: HTML5, CSS3, Bootstrap, JavaScript, React.js, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, API Integration

Database: MongoDB

Version Control: Git & GitHub

Tools: Vs code

Deployment: Vercel, Render, Streamlit

PROJECTS:

1. Text-to-Image Generation Using Python Web Application

Live Project: <https://text-to-image-generation-2.onrender.com/>

Tech Stack: Python, Flask, Stable Diffusion, HTML, CSS, JavaScript

Generated high-quality images from text prompts with fast image processing, prompt customization, a user-friendly interface, an image download option, and responsive web design for a smooth user experience.

2. CosmicPulse AI: Intelligent Detection and Visualization of Radio Signals

Live Project: <https://cosmicpulse-ai-jhu9f3wfo54hwzdkswurj.streamlit.app/>

Tech Stack: Python, Streamlit, Isolation Forest, Machine Learning

Detected unusual radio signals through real-time monitoring and live data visualization. Built an interactive dashboard with automated email notifications, signal tracking, and anomaly detection to improve signal analysis accuracy and monitoring performance.

3. Adventure Tourism Website

Tech Stack: Web Development

Built a responsive tourism website with modern UI design, an animated navigation bar, interactive sections, smooth scrolling effects, an attractive mountain hero section, hover animations, a dark/light theme toggle, and mobile-friendly layout for an engaging travel exploration experience.

INTERNSHIP EXPERIENCE:

Web Development Intern — XPAND

Periyanciken palayam | Duration: 3 Months

Built responsive and user-friendly websites with modern design layouts. Worked on creating interactive web pages, improving mobile responsiveness, and developing clean frontend interfaces using HTML, CSS, and JavaScript. Participated in web application development and gained practical experience in frontend design and website optimization.

EDUCATION:

Master of Computer Applications — Nehru Institute of Information Technology and Management
2024 – 2026 | CGPA: 7.84

Bachelor of Commerce with Computer Applications — Kongunadu Arts and Science College
2021 – 2024 | Percentage: 72%

CERTIFICATIONS:

- Web Development Internship Certification — XPAND
- React.js Certification — NoviTech R&D Private Limited
- AWS Workshop Certification — Nehru Institute of Information Technology and Management
- Enterprise Design Thinking Practitioner — IBM
