PROFESSIONAL SUMMARY

Full Stack / MERN Developer with a strong foundation in building production-ready applications HTML, CSS, JavaScript, Bootstrap, and React.js for frontend, Node.js & Express.js REST APIs, and Mongo DB databases. Delivered Job Connect (MERN stack job portal with JWT authentication) and Cosmic Pulse AI (ML-based anomaly detection, published research). Fresher with hands-on project work, comfortable with Git, JWT, and cloud deployment (Vercel, Render).

SKILLS

- **Frontend:** HTML5, CSS3, Bootstrap, JavaScript (ES6+), React.js, Responsive Web Design
- **Backend:** Node.js, Express.js, REST API & API Integration
- **Database:** Mongo DB,
- **Authentication & Security:** JWT Authentication
- **Version Control & Collaboration:** Git, GitHub
- **Tools & Deployment:** VS Code, Vercel, Render, Streamlit

PROJECTS

Job Connect — MERN Stack Job Portal

Live Link: <https://jobconnect-ashy.vercel.app/>

- Built a full-stack job portal using React.js, Node.js, Express.js, and MongoDB with role-based access for candidates and employers.
- Designed and implemented JWT authentication, 10+ REST API endpoints for job posting, applications, and dashboards, and a candidate dashboard to track applied jobs.
- Developed employer-side functionality to post, edit, and manage job listings, with a responsive React frontend integrated with backend APIs, and deployed the application live on Vercel.

CosmicPulse AI — Intelligent Detection and Visualization Of Radio Signal

Live Link: <https://cosmicpulse-ai-jhu9f3wfo54hwzdkswurj.streamlit.app/>

- Built an interactive Streamlit dashboard for real-time detection and visualization of unusual radio signals using an Isolation Forest anomaly detection model.
- Added automated email notifications and signal tracking to support continuous anomaly monitoring, and deployed the app on Streamlit Cloud.

Adventure Tourism Website

Github Link: <https://github.com/nagaduraipirabanchan-oss/Tourism-Website>

- Built a responsive tourism website using HTML, CSS, and JavaScript with an animated navigation bar, smooth-scrolling sections, dark/light theme toggle, and hover animations for a mobile-friendly layout.

WORK EXPERIENCE

Web Development Intern — XPAND Periyanaickenpalayam | 3 Months

- Built responsive, user-friendly websites with modern design layouts using HTML, CSS, and JavaScript, collaborating closely with senior developers and designers.
- Developed interactive web pages and clean frontend interfaces, improving mobile responsiveness and usability across multiple client-facing projects.
- Contributed to web application development tasks under mentorship, strengthening skills in frontend design, debugging, and website optimization.

EDUCATION

Master of Computer Applications (MCA)

Nehru Institute of Information Technology and Management | 2024 – 2026 | CGPA: 7.84

Bachelor of Commerce with Computer Applications (B.Com CA)

Kongunadu Arts and Science College | 2021 – 2024 | Percentage: 72%

CERTIFICATIONS

- Web Development Internship Certification — XPAND
- React.js Certification — NoviTech R&D Private Limited
- AWS Workshop Certification — Nehru Institute of Information Technology and Management
- Enterprise Design Thinking Practitioner — IBM
